

THE CBC CLASSIC

Less than an hour's walk from end to end, this classic trail is largely comprised of central Wellington bars that have been with Craft Beer Capital from our very inception. Not being tied to a brewery allows these players to showcase the widest range of local, imported, popular, and hard to find craft beer brands.

BREW PUB PILGRIMAGE

It's no secret that the capital's central city brew pub scene has boomed in the past few years. We can barely keep up ourselves! This easily walked trail pays homage to local breweries who have set up their own watering holes alongside their stainless steel brewing tanks for your tasting pleasure.
